

## Tallinn University Study Visit Feedback

Nov 2015

This feedback form has been prepared to understand better the satisfaction level of the study visit carried out in order to understand which were the very positive aspects but also the aspects for improvement and thus, to prepare for the participants the next training better according to their needs.

1. The objectives of the training were clearly defined

2. Selection and topics were appropriate to my role and responsibilities

3. The training improved my understanding of the subjects

4. I will be able to apply the knowledge acquired

5. Visual and supporting material were useful and easy to follow

6. Participation and interaction were encouraged

7. There was a correct balance between theoretical, exercises and discussion

8. The trainers were well prepared

9. The training objectives were met

10. Overall evaluation of the training

11. Which topics would you suggest for future trainings?

Patent, Innovation management of IP

12. Which aspects do you think could be improved for the next training?

The visits provided a mix of hands-on visits and seminars in the different locations. However, clear improvements can be made in order to optimize the visits. Some of the partners suggest that there should be less PowerPoint presentations and more hands-on experience and exchange, with clear translation to ease the uptake and assimilation of knowledge.
